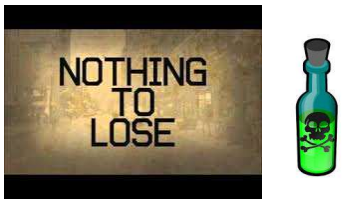
When You Make Other People Happy

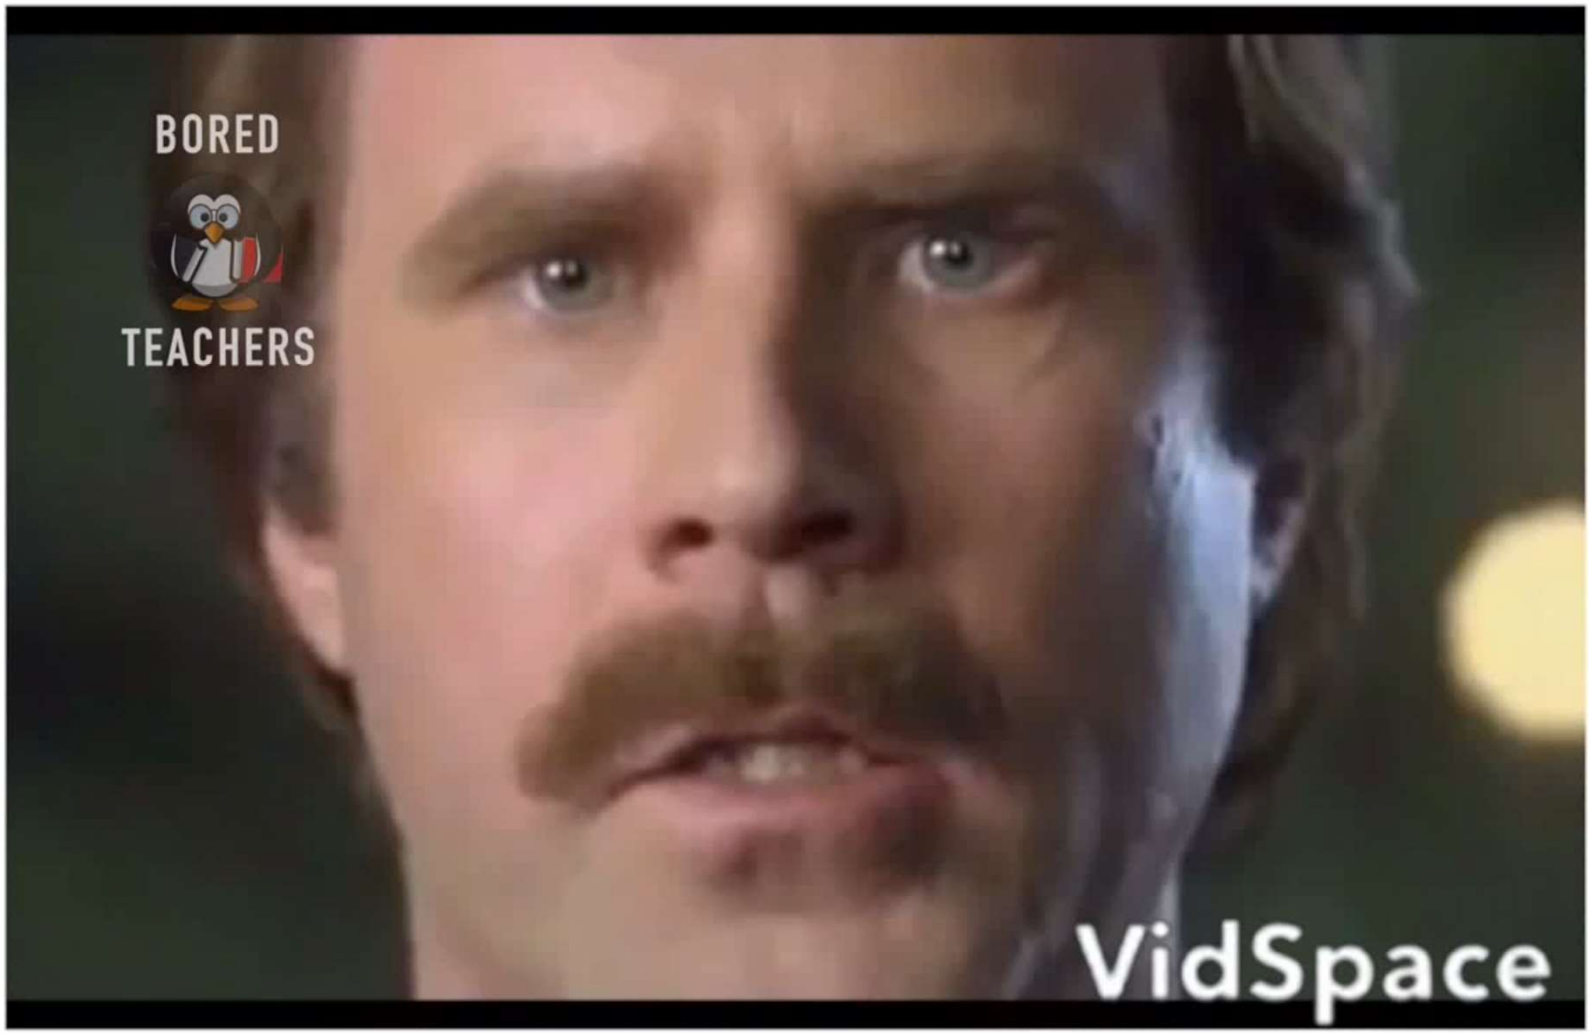
#1 Key to Happiness
Science and Religion agree



When people say they have nothing to lose,
that means that they are not happy.
That they don't have *happiness* to lose

Your Happy

Things that teachers say...



How To Be A Mom in 2017: Make sure your children's academic, emotional, psychological, mental, spiritual, physical, nutritional, and social needs are met while being careful not to overstimulate, understimulate, improperly medicate, helicopter, or neglect them in a screen-free, processed foods-free, GMO-free, negative energy-free, plastic-free, body positive, socially conscious, egalitarian but also authoritative, nurturing but fostering of independence, gentle but not overly permissive, pesticide-free two-story, multilingual home preferably in a cul-de-sac

Hope Does Help

"In all things it is better to hope than to despair." Johann Wolfgang von Goethe (1749-1832), German writer

Hope feels better. What do you hope for?

Hope is a Good Gamble

No Hope/Pessimistic

Don't Believe Land
Hopelessness

Hope Can Motivate you.
Might work more towards it

The Hope Bridge

Hope/Optimistic

Hope is a Bridge
from disbelief to belief

If there's life there is always Hope
Maybe Hope even if there is no life

Hope - Want

You want it to happen
Happen more often?
You can recognize it

Believe/Inner Proof
Not scientific proof

Believe Land
Happiness

Hope *Feels Better* than Hopelessness. A significant improvement. A step in the right direction. A Step up. A correct and good move towards achieving happiness. Hope is not the end goal but it is progress towards that goal.

The Wrong Way to Survive

How not to do it - Lose the game of survival – GAME OVER!

Throw the First Punch

When it comes to Violence & Bullying, FIRST is LAST

Don’t throw the FIRST punch. Don’t make the FIRST insult. Don’t be the FIRST to bully someone

We can’t stop the first person from throwing the first punch, only they can.

If you do walk it back, correct it quick. Apologize, do something so people are not confused.

Cemetery & Prisons filled with violent criminals who threw the first punch or over do self-defense.

Threat of violence is violence but threat of violence does always cause bad pain. Physical violence always do. Physical is an escalation.

Human can fix humans problems but physical violence is one of the that thing we cant fix. We cant undue.

Nothing breeds unjustified violence than unjustified violence. Ultimate negative motivator. Revenge.

However, unjustified violence does not justify unjustified violence. Nothing justifies unjustified violence.

I'm a big believer that things can always be worst

Try to be the FIRST in everything else you do but not violence. Because with violence FIRST is LAST.

Goodbye - Everyone will be against you, good guys and bad guys, forget about that survival thing. Game Over.

Remember most victims of violence are innocent – Attack of the innocent. Remembers stray bullets.
War is war against youth and violence is war against innocence. 99 % is unjustified

Well, I don't know what will happen now. We've got some difficult days ahead. But it really doesn't matter with me now, because I've been to the mountaintop. And I don't mind. Like anybody, I would like to live a long life. Longevity has its place. But I'm not concerned about that now. I just want to do God's will. And He's allowed me to go up to the mountain. And I've looked over. And I've seen the Promised Land. I may not get there with you. But I want you to know tonight, that we, as a people, will get to the promised land! MLK 1968

Why Is There Violence?

Common Cover-Ups

For satisfaction. For that good feeling. For justice. For revenge. They took advantage of me. They are reaping what they sow. They lied to me, did me wrong, ruined my life. Created hardship. For betrayal. For business. For pleasure. It was the only way to get justice. For a good time. To protect myself/my family/people, etc. For a thrill, for discovery. They had it coming. They were asking for it. To see what it feels like. It was justifiable. For sexual satisfaction, for emotional, or physical excitement. It feels good to do it. It's worth it. It's human nature. It's in man's nature. It's Nature's way. Most males are evil. Most women are evil. To stop someone from getting power. To stop someone with power. To stop the growth of violence. To bring peace. To bring long-lasting peace. Because I said so. Because he said so. Because I did it. Because of them. They forced me. They challenged me. They made me do it. They begged me. It was there. The prize of the superior. What we fought for. They threatened to harm us. I was trying to protect people. It was the right thing to do. To send a message. They were not macho. To feel macho. They were not doing the male thing. They were not behaving according to God's laws. They were not behaving according to man's laws. No reason. Many reasons. Some reason. Every reason. Think of a reason later. To send them to the next place. For fun. An experiment. It was a mistake. It was funny. I enjoyed it. Who cares? I was lazy. I was doing them a favor. It was a mercy killing. I removed them from pain. I was afraid of them. For survival. To keep skills sharp. I don't know why. I don't care why. I don't remember. God told me to do it. I had to. I wasn't thinking about it. I don't want to think about it. Whatever. It was necessary. I wanted to. It was a matter of pride. I have my pride. It was a test. It was bad judgment. It's what I'm made of. It's why we are here. It was worth it. Because it was easy. It caused desired reactions. Sadism. To change the idea. To change the person. Because I can. Because I should. Because you can't stop me. None of your business. To remove them from the equation. To gain control of someone. To gain superiority over someone. To remove the problem. I did the world a favor. Kill or be killed. To take care of my own. To take care of my friend. To take care of what I think is right. People wanted me to. Good will. People's will. My will. God's will. To make someone happy. They can't be trusted. For money or things. Why not? Luck of the draw. Wrong place, wrong time. Bad luck. Good luck. They dared to challenge us. To change the balance of power. To get power. They challenged our institutions. Making waves. To be a man. To be like a man. To be a woman. To be like a woman. It was necessary. It's not a bad thing. They were disloyal. They were traitors. They would destroy us all. They broke the rules. To counteract their violence. Their violence was imminent. Made me happy. Made someone else happy. Payback. To make it or them stop. They insulted my religion. They insulted me. They insulted someone else. To stop the spread. Only the strong survive. Survival of the fittest. To protect my faith. To protect my country. To protect freedom. For punishment. They are different. They hurt my family. Unfairness. God-given right. Instructed by God or his teachings. Might makes right. That will teach them to mess with me. That will teach them to mess with a man. They deserved it. I was part of a team. They made me angry. They hurt my feelings. They tried to hurt my feelings. They tried to hurt me physically. I had nothing to lose. I didn't think I was going to get caught. For freedom. For peace. For violence. For democracy. To start a revolution. For my flag. No one can stop me. Everyone thinks I should. Couldn't help myself. Nobody cares. Everyone one else was. It was the right thing to do. Had to take it out on somebody. I felt tough. I felt invincible and safe. They took advantage of me or others. It's natural. It's a healthy outlet. Doing my job. I had orders. Saves more lives. Felt like it. Didn't know what I was doing. Got me offended. Reversed his stance. To show our power. Could not control myself. To show our control. To get control. To shut them up. To remove the problem. To eliminate future problems. I was right. I had the power. They told me to. Everyone was doing it. Using the power. For pride. For man. For humankind. To get my job done. For money. They were in the way. It's the way of the world. It was kill or be killed. I was physically or mentally unbalanced. They were physically or mentally unbalanced. I was drunk. I was high. I was not myself. They made me. They forced me. They deserved it. I had to. It was their fault. They were anti-something man-made. Self defense. In the name of…. Fill in the blank.
