

YouthAlert! (YA!) U.S.A. "Youth Peace" Advocacy and Education

Our Mission: World Peace Through "Youth Peace."

Our Vision: Peace is the lynchpin to human advancement, human happiness, and human survival.

What We Do - We are a U.S. Non-Profit, Public Charity with its national and international **"Youth Peace" Campaign** and its universal **"Youth Peace" Program**.

Our Campaign **Advocates**

To adults anywhere. YouthAlert! (YA!) U.S.A. has Special Consultative Status to the United Nations (U.N.) Economic and Social Council (ECOSOC) and advocates for "Youth Peace" with the United Nations and all 193 United Nations Member States. We also advocate for "Youth Peace" with Local U.S. Governments, U.S. States, and the U.S. Federal Government.

Successful in getting "youth peace" resolutions passed in the U.N. General Assembly and "safe schools" legislation passed in the U.S. Congress.

"YouthAlert! (YA!)’s advocacy on the prevention of conflict and violence, including your initiatives in the field of education, help to raise awareness among youth and motivate them to strive for the world we all aspire to. "We are grateful for the contribution your organization has made." (Dept. of Global Communications, United Nations, NYC, 2023)

Our Campaign **Educates**

To youth everywhere. YouthAlert! (YA!) "Youth Peace" Program - Modeled on the Universal School-Based Violence Prevention Practice, which has been rated "Effective" to "Reduce Aggression" in K–12 students by the U.S. Department of Justice in 2021.

The Program is a live, in-person presentation by YouthAlert! (YA!) U.S.A. Age-appropriate programming for those twenty-six years of age or younger. It's essential "Survive & Thrive" Skills Training for today's world. The Program practice is the next generation of student health and well-being education.

Instructed over 10,000 youth with a 97% favorable rating among both instructors and youth in U.S. public schools. Double-digit reduction in school "Behavior Events."

"I have observed YouthAlert! (YA!)’s presentations and concur with the teachers and students on their "two thumbs up" approval. The students appreciate the fast paced, media approach that respects them personally and accurately addresses the real life issues they confront daily" (Practical Living Specialist, Jefferson County Public Schools, Louisville, KY, 2018)

The Campaign is also a public awareness effort. Youth Alert! (YA!) U.S.A. has had several national "Youth Peace" public awareness campaigns including the "Ten Percent Youth Violence Challenge" and many public "YouthAlert! (YA!) U.S.A. Events" which were free live in-person to public forums to promote and discuss all youth violence, bullying, and abuse issues.

Over three hundred recognitions of the "Challenge" and have had over two hundred speakers at the "Events."

About Us - War Against Violence Corporation dba YouthAlert! (YA!) U.S.A. is a U.S. non-profit, non-partisan, publicly supported charity created on March 14, 2008, is a group of volunteers whose goal is to help all youth "Survive and Thrive." Through **advocacy** and **education**, we hope more youth can live more peaceful and fulfilling lives. Our "Youth Peace" Campaign's ten core tenets and beliefs are:

ALL youth are "equal" in importance, meaning, value, and worth, without exception.

ALL youth should be treated with "equality" and "kindness." Youth and adults should meet "halfway."

Youth's number one job is to "survive" their youth. It is adults' job to try to help them.

It is ALL youth's "destiny" to live a long and healthy life.

Every youth is a special, unique, and "one-of-a-kind" individual.

Violence, bullying, and abuse (VBA) are the "Head of the Snake." The number one root "problem" for youth.

We "stay ahead of the curve," meaning violence and conflict "Prevention."

When youth get all the information, they usually make the right "true choices."

To truly "protect" and save any youth, we must protect and save "ALL youth," or youth will always be "fair game."

"Youth Peace" is one of the best "stepping stones" to world peace.
